Admit it. You already had great doubts about Obama. But two of the most powerful groups in America—the Media and the Islamists—tricked you into voting for him. In this Part I, I will show you how the Media helped hide Obama's secrets and tricked you into voting for him. In Part II, I will explain Islam and show you how Islamists have tricked Europeans and pursued a Stealth Jihad to convert Europe into Eurabia. In Part III, I will show how Muslims are tricking you and pursuing a Stealth Jihad right here in America. And in Part IV, I will tie these threads together and show you what Obama is doing to our country. I trust you will have the courage to face what your instincts tell you is true.

This is serious stuff; so don't waste my time and yours screaming about "racism." Obama is not an American Black. His American half, through his mother, is White and the other half, through his father, is African and Muslim. And don't talk to me about "Hate" and call me an "Islamaphobe" either. First, make up your mind: either it is OK to be a Muslim or it is not. If a Muslim is the same as a Hindu, a Buddhist, a Jew or a Christian; then it is not "hate" to say Obama is a Muslim. If, on the other hand, (a) Islam is not a religion but rather a very dangerous religious/political/military ideology, and its Qur'an commands all true Muslims to do Jihad against us and destroy us; and (b) in Muslim countries, non-Muslims are persecuted for practicing their religion and forced to live like Dhimmis, aka slaves or serfs; then it means extreme danger to you and our country. But it is still not "hate." Just as the Park Service doesn't "hate" grizzlies but simply warns you about the dangers; so it is with me. I don't "hate" Obama or Muslims. But I am warning you, because it is imperative that you figure out for yourself

whether or not Obama is a Muslim, as I say he is; so you will watch what he is doing, and realize he is destroying America.

Also, don't tell me that 1.2 Billion Muslims are going to rise up to attack me. Of those 1.2 Billion, half are women. And they couldn't possibly want to remain as they do now, being totally subservient to men, and being subject to genital mutilation, rape and "honor" killings. Then, there are the vast numbers of decent and moderate Muslims who have escaped from the strictures of Orthodox Islam and are living in non-Muslim controlled countries. They want to get along with everyone; have no desire to "kill the infidel," like orthodox Muslims do; or be subjugated by Orthodox Muslims. Then, there are those Muslims who are neither radical Orthodox nor even more radical Salafist, living in Muslim countries, who have participated in the Arab Spring, and who are crying out, and even dying, to get our American freedoms for themselves. None of the above groups, which constitute the vast majority of those 1.2 Billion, would want to silence people like this writer. In fact, it is in their interest that the extremists be exposed. It is only the extremist and radical Orthodox Muslims that seek to destroy those with an opposing point of view. Today, these extremists profess to speak for the moderates; but they will destroy the moderates as soon as they get the opportunity; just as the rulers in Syria and Iran are killing the moderates within their borders.

Chapter I

What do you know about Obama? . . . Nothing at all!

You knew absolutely nothing about his personal and professional life; and nothing about his eligibility, his brilliance, his socialism or his religion in 2008. So, when you last voted for him, you knew nothing. **And you know nothing even today!**

The last election was a triumph of Media marketing over substance; promoting Obama as the “American Idol.” He bounded onto the stage with his great, practiced smile and used the reverb to bring power to his voice as he read from his teleprompter, what someone else had written for him. And the Media assured us “*He was the most brilliant man living!*” “*The world would love us now!*” “*The only way America could redeem itself of its sin of slavery was by electing a black man!*” Women fainted. Others lined up for hours “to collect some of Obama’s stash” and believed he would make them rich. The excitement reached fever pitch. Like a giddy teenager, you fell for the good-looking dude who promised “Hope!” and “Change!!” And you handed over to him our country, its great traditions and its enormous wealth.

So . . . did you enjoy it as he held up America as an object of scorn and ridicule by his constant apologizing on our behalf for sins we have supposedly committed? Are you happy with the way Obama has kept his promises? Remember he said he was a uniter not a divider? He has divided our country into so many different segments that you can hardly call us Americans any more. Blacks vs. whites; Latinos vs. whites; women and those who “war” on them; Catholics vs. abortion proponents; Gays vs. all others; liberals vs. conservatives; rich vs. poor. Do you like having his SEIU thugs going to people’s homes with bullhorns and placards and terrorizing their kids and their wives? Do you like having thugs stabbing cops and marching around warring on the rest of us, as they did recently in Chicago? Do you like it that your media won’t even show you images of those thugs?

So, . . . are you yourself better off now than you were 3 years ago? Haven't your gas prices more than doubled? Isn't your grocery bill going through the roof? Aren't your electricity and heating bills skyrocketing? Do you like being poor and dependent on Obama to get you some money? Do you like looking around for food stamps or some government program, which will help you survive? Do you like meeting friends who have lost their jobs and are about to lose their homes? Isn't your own home underwater? Or do you have your house at all? Have you and your kids got decent jobs? Of course not!

Just like an abused and battered woman waiting for her man who is "working late" yet again; you too wait for Obama to fulfill his promises. You listen to the lies he says even as you can see he had been drinking again, or shooting up again; or from the rumpled shirt, that he has cheated on you again. As the election nears, there is a choice you have to make. Are you going to kneel down and beg him, "*Lie to me one more time so I can believe you*"? Or are you going to say, "*Enough!! I deserve better than this!!*" . . . ?

Chapter 1

What do you know about Islam?

You know almost nothing except that, according to Bush, they practice a “religion of peace;” and according to Obama, “they are just like us,” and “there is no conflict between Islam and the U.S. Constitution.” Nothing could be further from the truth. The U.S. Constitution and *Shari’ah law* are diametrically opposed to each other.^{1,2} Obama, who was once a practicing Muslim, and who taught U.S. Constitutional law, certainly knows better. Obama is practicing “*Taqiyya*,” deliberately lying to the American people.

Islam is a religion, a legal system and a political/military ideology all merged into one set of laws, “*Shari’ah Law*,” which every true Muslim must follow: Islam and *Shari’ah* law cannot be separated from each other. Islam is *Shari’ah*. *Shari’ah* law consists of the *Qur’an*, the word of the Prophet Mohamed (comprising 114 *Sura* or chapters); and the *Sunnah*, (the Way of the Prophet, as recited in the *Hadiths* or reports of Mohammed’s life by people who knew him personally). Muslims believe that because *Shari’ah* is the word of their God, Allah, derived from the *Qur’an* and the *Sunnah*, it is not optional. To violate *Shari’ah* or refuse to accept its authority is to commit rebellion against Allah. All practicing Muslims are required to combat those who violate *Shari’ah*. And no Muslim is permitted to obey any law of any country which contradicts *Shari’ah* law. In short, *Shari’ah* dictates every aspect of life, and all law, to a practicing Muslim and also that *Shari’ah* is the supreme law they must follow; supreme over all other laws. “*And whoever desires a religion other than Islam, it shall not be accepted from him, and in the hereafter he shall be one of the losers*”—*Qur’an, Sura 3.85*.

There is no such thing as “Separation of Church (Mosque) and State” in Islam. The fatal mistake Westerners make is to believe that Islam is merely a religion and try to understand its influence on Muslims as they would understand the influence of Judaism or Christianity on Jews or Christians: Islam itself does not seek any accommodation with Western Religions. There are no churches or synagogues in Saudi

Arabia and the Saudi Grand Mufti has called for the destruction of all churches in the Middle East.³ Islam's political/military aspect is intertwined with its religious aspect. And its political ideology is at war with the West. We must realize that once we agree that an American can be a good orthodox Muslim; we have also automatically agreed he is entitled to follow *Shari'ah* law. And where *Shari'ah* conflicts with our US Constitution; *Shari'ah* must rule and our Constitution must be cast aside. This necessarily creates two sets of laws, *Shari'ah* for Muslims; and the U.S. Constitution and its laws for non-Muslims. **And we end up accommodating, and even defending, a “religion;” which is actually an ideology that is at war with us and which seeks to destroy us.**

True Islam conflicts with our Constitution in virtually everything:

It is truly absurd to permit Rep. Keith Ellison to place his hand on the *Qur'an*, (which itself declares Islam is the supreme law), and take his oath to uphold our Constitution, (which states our Constitution is the supreme law). The *Qur'an* conflicts with our Constitution in the 1st Amendment's Establishment of Religion, Free Exercise of Religion and Free Speech clauses; the 5th Amendment's Due Process clause; the 6th Amendment's right to impartial jury trials, right to confront a witness, and right to an attorney; the 7th Amendment's right to Trial by Jury; the 8th Amendment's prohibition of Cruel and Unusual Punishment; the 13th Amendment's abolishment of slavery; the 14th Amendment's Equal Protection Clause and, of course with Article VI itself which states that Our Constitution is the Supreme Law of the land. Should he win again; how will Obama take his oath? On the Bible or, as Obama calls it, on the “Holy *Qur'an*”?

True Islam is a violent and barbaric religious ideology, stuck in the dark ages:

The most controversial issue of the day is whether Jews have the right to be in Israel. The answer is found in the *Qur'an* itself, which documents that Jews were in the Middle East, in Mecca and Medina, Saudi Arabia, even before Mohammed was there! See if you see a foreshadowing of Nazi death camps here: “*Then the Apostle (Mohammed) went out to the market of Medina and dug trenches in it. Then he sent for them (the Jewish tribe at Medina, the Bani Quraiza) and struck off their heads in those trenches as they were brought out to him in batches. . . . There were 600 or 700 in all, though some put the figure as high as 800 or 900. . . . This went on until the Apostle (Mohammed) made*

Chapter 4

Destroying our Christian Heritage by Stealth Jihad Is another way of Destroying America itself

There is an all out assault of Christianity and Christians in America today. There are also two related arguments made to denigrate America. That the Christian founders of America “stole” the land from Native Americans and that America’s Constitution was written by “dead white Christian males who were slave owners.”

The whole purpose of this assault is to destroy our heritage and tear out the roots of Christianity from America. Once this is done, America is left defenseless. America and its traditions can then be redefined to include all forms of social deviancy. They can be redefined to include all forms of Communism, Marxism, Socialism and/or Fascism. American values can also be redefined to say that both Christianity and Militant Islam are consistent with our Constitution. And so, America can be easily destroyed. *Don't believe me? You should trust me by now to know that I don't say what I can't prove! Anyway, let's take a look.*

America and Christianity are inextricably intertwined. Our Constitution embodies Christian principles. It was Christians of various denominations fleeing religious persecution in Europe who founded all of the 13 original States that became America. All 13 supported and endorsed a denomination of the Christian religion for hundreds of years and this is enshrined in the constitutions of many State governments even today.¹ It was Christian pastors who led the fight against British imperialism and King George. Some of these Christian pastors gave up their lives to obtain Freedom and Independence for America. It was Christians who led the fight to end slavery, which had been brought to America by the British.² Among those who fought to end slavery were a great many leading white Christians and also many black Christians, among them a leading black Christian, a former slave, Richard Allen.³ *Why haven't you been told about this? Glenn Beck told you. But liberals will never let you know that Blacks and Whites fought together to eliminate slavery. Once Blacks find out, Blacks can't be roused up by Liberals to hate*

Whites and always vote for Democrats; and Liberals cannot dismiss our Constitution by saying it was written by rich white slave owners!!!

There is actually no such phrase as “separation of church and state” in our Constitution. There are two phrases dealing with religion in the First Amendment of our Constitution: *“Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof.”* Government shall not “establish a religion,” meaning the government shall not establish one single Christian denomination, such as the Roman Catholics, and decree that every one of any other denomination will be persecuted like they were in Europe. And the government shall not prohibit the “Free Exercise of Religion,” meaning the government shall not use its might and power to take away the people’s right to practice their religion as they wish.⁴ The 10th Amendment was added to the Bill of Rights in 1791 because many of the founders, Patrick Henry, Samuel Adams, Thomas Jefferson and others, feared that the Constitution would eventually lead to a strong, centralized, federal power which would destroy the individual liberty of the People. The 10th Amendment states: *The powers not delegated to the United States by the Constitution, nor prohibited by it to the States, are reserved to the States respectively, or to the people.* In fact, the entire US Constitution and the Bill of Rights were enacted to prevent the Federal Government from oppressing us and exercising its vast power over us.

Those who want to destroy America by destroying Christianity have played a very subtle game with us. First, they redefined the teachings of Jesus Christ to include Communist/Marxist/Socialist/Fascist principles under the guise of “Social Justice.” Jesus asked us to give to the poor. “Giving” is a voluntary act. Christians and Conservatives give more to the poor than any other group in America even though, in general, Conservatives are considerably poorer than Liberals.⁵ Obama asks us to “give” to him and his government. This is not a voluntary act. We don’t “give.” He “takes.” Like the recently upheld ObamaCare, these penalties are taxes, which force us, under penalty of jail, to surrender our money to Obama. There is a massive difference between the two. And, as I showed you in Chapter 3 of Part I, Obama has taken from us and given to his “green energy” cronies. Not to the poor, who remain poor. In fact, blacks have become poorer than they were before Obama came into power.

Here is where the Magic Mystery Money Machine part comes in. Actually, the Fed does not “have” money in the sense of owning an equivalent amount of assets for the money it says it has. For example, we say we are worth \$200,000 when we have a house, or own other real estate, stocks or financial instruments worth \$200,000 to back up that assertion. The Fed definitely does not have real assets worth the Trillions it lends out. Furthermore, it does not “print” the money on paper. Instead, it has a little old clerk sitting in a fortified dungeon in front of a gold plated computer. He adds a bunch of zeros to a 1 on the Fed’s computers, and presto, it creates money. Yes, exactly like your kids playing computer games, the Fed creates money! But it is not funny money. It is not funny at all. Because we, the taxpayer, are liable to pay for the debts the Fed creates as it induces the government to borrow and spend more and more; and we also incur the costs of the inflation this printing of money generates.

To earn its income, the Fed first creates money through the Magic Mystery Money Machine, actually out of thin air. The Fed then invests this money on securities, mostly government securities, or Treasury Bonds. The federal government, meaning us the taxpayers, pay interest on the bonds that the Fed purchases with the money it creates with its computer. Then the Fed loans its income, meaning the interest we paid it, to select dealer banks who then earn their income from the spread between the interest rate the Fed paid us and the interest rate they charge their customers.⁷ In 2009, loans of \$113.1 Billion were made at below market rates of 1.2% to its member banks through the Fed’s Term Auction facility for 28 days. And these banks then were able to charge 3.8% on loans they made, tripling their profit on the loans.⁸ *Quick, do the math. What is a 2.6% profit on \$131 Billion? You get an A. The answer is \$3.406 Billion per year!!*

Rohini DeSilva is a Christian and a Tea Party supporter who admires Andrew Breitbart, Glenn Beck and Rush Limbaugh for their strong advocacy of Conservative principles.

She grew up in Sri Lanka as Socialists acquired power, became rich, denied citizens their freedom and obliterated private businesses with taxes and regulations. She has a Fellowship in Music and a BFA in Interior Design. She graduated from Columbia Law School with honors and learned that our Constitution prevents the government from infringing on our individual liberty; before Liberal professors distorted it to assert the government had power over everyone and everything.

She brings her unique perspective, analytical skills and meticulous research to warn the American people that we face a great threat from the vile brew of Socialism and Militant Islam that Obama is thrusting upon us; to remind them that we have freedoms that everyone else yearns to have; and that we need to be eternally vigilant lest our freedoms be taken away.
